Message from MD's Desk

As we embark upon a new journey with the FlyingColour® Gazette, I'm thinking about two words more often than any other: 'resilience' and 'reliability'. Over the years, FlyingColour® has believed in demonstrating both qualities and we've always stepped up for our clients. The last two years have been different for the world and together, we are in a truly extraordinary situation. The global pandemic is affecting all of our personal and professional lives. First and foremost, I hope that you and your families are safe. Our empathy is with those who are impacted by the virus and we extend our heartfelt wishes for recovery. Equally importantly, I'm proud of how FlyingColour® has helped so many of our clients abolish this storm by boosting their resilience and reliability.

As you all know, FlyingColour® is a group of companies that delivers deep expertise, objective insights and a tailored approach to consult business leaders in varied services ranging from Business Set up in UAE, Business Succession and Inheritance, global business set up, accounting services, taxation advisory and immigration services since 2004. With a team of 70+ professionals, we have successfully incorporated more than 10,000 companies in the previous 17 years. We further have combined experience of 17 years in Dubai Real Estate Brokerage Services and we have rebranded our real estate brokerage division to Signature Habitat. Introducing our another business segment, we have a full fledged Real Estate Brokerage division where we help clients buy their dream home in the most prestigious areas in Dubai. Buying Real Estate is the best and the most important decision in one's life. At Signature Habitat we understand this and help our clients in their residential real estate buying and selling process in Dubai.

We at FlyingColour®, remain committed to being your consultants in all aspects, to be here when you need us, provide you with real time assistance, offer cost effective approaches, unrivalled flexibility and everything else needed to ensure your success now and in the future.

Thank you for your support and loyalty.

And remember that we continue to value your questions, feedback, and ideas.

Stay safe,

Mamta Raj
(Managing Director)
